AutoStrain LV eLearning

AutoStrain LV eLearning - AutoStrain LV provides simple and fast LV GLS through Auto View Recognition and labeling, Auto Contour Placement and fast speckle tracking. This eLearning will review the features and workflow of the AutoStrain LV tool.

The AutoStrain LV eLearning module will:

- Describe the benefits of AutoStrain LV on the EPIQ ultrasound system
- Review the steps essential to AutoStrain LV workflow
- Describe the steps needed to edit a tracing in AutoStrain LV

This course is intended for customers who have purchased the AutoStrain LV options.

This ASRT-accredited module is a self-paced tutorial consisting of enlightening content and colorful images.
